PIPES MANUFACTORY.. ITALY / GERMANY

TOTALLY HANDMADE PIPES
BY G.P. GRANT

Pipe – one of the oldest tool for tobacco smoking, that has been popular in different times, in China, Africa, America and Europe. For those who have ever been interested or tried smoking, it is obvious that pipe smoking is a special process of savouring that gives special pleasure. The amazing long history of pipes as well as the endless process of constant search for innovation and new forms still amaze from the first discoveries and to modern companies, which are trying to impress the discerning consumer with unique materials and shapes of pipes to grant even more satisfaction. There are so many different types of pipes in the world... It seems what else may amaze modern experienced lovers of pipes?! G.P.Grant company does not stop on their achievements and keep on looking for and offering more pipes of unique quality with filigree trim parts using sophisticated techniques and elite materials that can not be repeated.

Nowadays Zaven by G.P.Grant collection offers only handmade pipes with the use of gemstones and expensive metals not traditional for pipes with the most complex handcraft making them the real handmade masterpiece. We offer you to plunge into the unique world of the masterpieces of handmade pipes and admire the beauty of their shapes and unique designs, evaluate the finest work and filigree jewelry techniques, the diverse game of gemstones and precious metals, captivating with its perfection and the desire to touch and possess that masterpiece.

With the purpose to ensure the highest quality of its pipes G.P.Grant closely cooperates with Italian company Mastro de Paja, world leader in manufacturing handmade luxury pipes known for its uncompromising quality. All products of Zaven by G.P.Grant are distinguished only by its best quality – only the world's best materials are applied in the manufacturing process and the unique know-how of manually processing the pipes made of high level professionals provide superior quality products.

The collection of pipes offers both classical and innovative, modern forms of pipes and materials, that are always marked by the highest level of taste and unique design.

Bowls and mouthpieces of pipes by Zaven by G.P.Grant are individually handmade by the best masters. All metal parts are handmade by jewelers from precious metals: platinum, gold, silver, bronze and others. All parts made of stones and metals inlaid with stones are handmade by jewellers.

Only the most advanced techniques of décor, polishing, fitting, inlaying, engraving, etc., are used in manufacturing process by ensuring highest level of quality and originality to all production. The level of elite materials and their combinations as well as jewelers techniques equate all products of Zaven by G.P. Grant to the true handmade masterpieces of the highest quality. Zaven by G.P.Grant models have acquired the unique features of the style of the company, that are not alike any other brand in the world.

All Zaven pipes are handmade, Limited Editions, and classified into:
